WELCOME

Welcome to the ABI Health Care Committee. We are pleased to have you as part of a dynamic group of practitioners and professionals focused on issues at the intersection of health care and bankruptcy law.

The Health Care Committee brings together professionals across disciplines to discuss the legal, financial, and operational issues facing health care providers, payors, lenders, vendors, investors and related stakeholders. Through publications, programming, and collaboration, the Committee contributes to the ABI's thought leadership in this space....but we can't do it without our members!

We encourage you to actively participate to get the most out of your membership.
